Virtual Assemblies & Learning Circles

July 23rd, 2025: The Intersection of Medicaid & Homelessness. Medicaid can be a game-changer when it comes to financing your programs, and it can feel like a complex maze that is impossible to navigate and administer. We will be joined by several members of the Colorado Department of Health Care Policy & Financing (HCPF) to discuss how

Brief Policy History

Colorado: Modernizing Medicaid Coverage with a Focus on Health Related Social Needs and Behavioral Health

Medicaid Historical Limits and Expansions

Only very wealthy or very poor get BH care, mostly in institutions
1900s - 1950s

Anti-psychotics & de-institutionalization
Medicaid created
1950-1965

Emergency Medical Treatment and Active Labor Act
1995

Medicaid expands through ACA, New Waivers
2010 ->

Historically, criminal justice, ER and law enforcement used as alternatives to providing comprehensive support for unhoused or very ill folks.

Why Medicaid Matters in BH Transformation

- ❖ Behavioral health wasn't covered by insurance, only available to those wealthy enough to pay out of pocket
- ❖ Limited access and often the "safety net" was paid for through philanthropy, grants, or courts; no crisis care
- ❖ Limited oversight and funding led to poor quality care
- ❖ Services available were not sustainable, or equitable

- ❖ Advocates, patients, providers, elected officials, community folks fought for decades to get Medicaid coverage and got it.
- ❖ Our benefit and coverage keeps expanding because of the advocates, people fighting for progress
- ❖ Leveraging federal funds
- ❖ With commercial and public coverage, higher standards for quality and accountability

Medicaid Coverage for HRSN and Related Services

2021 - HCPF pays for peer and recovery services

2021 - Federal Relief funds (ARPA)

- SWSHE pilot program
- Peers in Housing

2023 - CMS authorizes coverage of HRSN

- HB 24-1322 directs HCPF to apply for HRSN

2025 - HCPF approved for coverage for HRSN

Grant Based Model

Benefits

- Flexibility, flexibility, flexibility
- Documentation can be centralized to one position, often grant-funded.
- No-cost extensions
- Adjustable budgets

Challenges

- Always working to get the next grant
- Not a sustainable funding source
- Limited/capped funding
- Grant-specific restrictions on spending/funding
- Fitting your program for the grant

Medicaid Based Model

Benefits

- Sustainable funding
- Serves all members
- Supports a growth model
- No funding cap
- Oversight ensures that all services provided to vulnerable populations are high quality

Challenges

- Administratively burdensome
- Strict requirements, less flexible
- Based on volume/encounters

VS

Medicaid Coverage: Federal-State-County Program

- **Federal partnership:** can encourage, mandate, or restrict coverage of certain eligibility groups, services, and providers; mandate policy changes. CMS provides a match from 50-90% for every state dollar.
- **State supervised:** every state Medicaid program different
 - Flexibility in which populations and services to cover, how to deliver care, and provider reimbursement
 - Waivers (1915b, 1115) and State Plan approved by CMS
- **County administered (Colorado)**
 - Counties are delegated eligibility and enrollment; process applications and renewals; perform ongoing case maintenance

Foundational Medicaid Policies

- Medicaid providers must be enrolled with HCPF
- Payment policies must be applied equally, based on provider type
- Providers must be licensed or supervised by licensed practitioners
 - Peers and case managers practice under supervision of a treatment provider
 - Housing providers are certified by DOLA
- Almost all BH providers must be contracted with RAEs
- All services must be medically necessary

Does Enrolling with Medicaid Make Sense for My Housing Organization?

Pathways to Engage With Medicaid

- ❖ Partner with a Medicaid Provider
- ❖ Employ a Clinician & Enroll as a Medicaid Provider
- ❖ Subcontract with a Clinician & Enroll as a Medicaid Provider

Partner With a Medicaid Provider

Partner with a Medicaid provider who delivers services & handles their own billing and compliance responsibilities

- Easiest and least administratively burdensome pathway
- Define roles, responsibilities, and scope of services in a written agreement
- Disclose partnership and what information may be shared with clients

Employ a Clinician and Enroll as a Medicaid Provider

Become a Medicaid Enrolled Provider

- Deliver and bill for services
- This pathway offers the most control and flexibility
- Examples of Provider Type Enrollment Options:
 - Supportive Housing Provider (PT 89/208)
 - Behavioral Health Provider Group (PT 77)
 - Clinic - Practitioner (PT 16)

Enroll with Medicaid and Subcontract with a Licensed Provider

Medicaid Enrolled Organization subcontracts with licensed service providers

- Licensed providers serve as “rendering providers”
 - Deliver services
 - Provide oversight for unlicensed providers who may also deliver services
- Most administratively complex pathway
 - Requires strong contracts, credentialing and oversight
 - Organization bills for services licensed provider delivers and oversees

Becoming a Behavioral Health Medicaid Provider

There are three steps to becoming a Medicaid Behavioral Health Provider:

- 1 - Obtain a License from the Behavioral Health Administration (BHA) if applicable
- 2 - Enroll with Medicaid through the Provider Web Portal
- 3 - Contract & Credential with Regional Accountable Entities (RAEs)

Step 1 - Obtain a License

- Complete contracting and credentialing

How Medicaid Billing Works

How Billing Medicaid Works

- Complete and submit claim forms through Fee For Service (FFS) if
 - Enrolled as a Supportive Housing Provider (PT 89/208) and billing for housing support services including case management and housing navigation
 - Enrolled as a healthcare provider delivering healthcare services through employees or a subcontracted organization
- Complete and submit claim forms through the member's RAE if
 - Enrolled as a behavioral health provider delivering behavioral health services (mental health and/or SUD) through employees or a subcontracted organization

Scenarios

1. “Bertha” is not a Medicaid member. You help apply for Medicaid through Peak Pro. Is the time spent assisting Bertha with getting enrolled billable to Medicaid?
2. “Bernie” confirms being a Medicaid member. You help them complete an HMIS application seeking PSH. Is this a billable service?
3. “Burt” is approved for a PSH voucher and you meet with him weekly to complete applications and find housing. Is this a billable service?
